

**NLP Practitioner  
Certification Training  
in Sri Lanka  
(Neuro Linguistic Programming)**

# NLP Practitioner Certification Training

Neuro-Linguistic Programming (NLP) is a proven and powerful method for achieving what you want in life. Now's your chance to move your learning to the next level with our world renowned NLP Practitioner Certification Training, certified by the American Board of Neuro Linguistic Programming (ABNLP) while you are in Sri Lanka- the proven way to fulfil your true potential.

In 8 days, you'll learn the skills you need to understand the relationship between mind, body, emotions and actions. Most importantly how to use that understanding to implement change and create the life you really want.

## CHANGE YOUR LIFE FOR THE BETTER.

You can be a parent, businessmen, teacher, coach, counsellor, doctor, leader or CEO of a company and this will help you to change your ways of analysing your own self and making yourself better and productive.

### You will learn to

- Control the connection between your mind, emotions and behaviour.
- Learn to set goals and achieve them.
- Learn how to coach yourself and others.
- Define exactly what you want in life.
- Create the future you really want.
- Eliminate negative habits.
- Accelerate healing.

# One Amazing Experience

NLP Practitioner Certification is the most practical, results-driven method for detecting, understanding and controlling our conscious and unconscious thinking. We will show you how to harness the power of NLP and apply it to yourself and others – individually, in business and as a coach.

## What you will learn during the training

- Understand the basis of NLP – principles and starting points
- Discover fundamental beliefs to empower Mind Mastery, not Mind Slavery
- Identify and take control of the intricate connections between your mind, emotions and behaviour
- Understand how you learn, communicate, change and evolve

## Some of the topics you will cover

- Rapport – How to create instant liking and agreement
- Representational Systems – How we use our five senses to represent information from the world internally
- Sub modalities – The secret programming software of your mind
- Language patterns – The words you use to demonstrate your intellectual attributes and personal characteristics
- Anchoring – How to control your feelings and your state of mind
- Strategies – How to control your mental processes to create specific results
- Parts – How to detect and stop inner conflicts

## How you can use what you learn

### **Use your NLP applications across:**

- All modes of business including sales and communication.
- Learning and educational coaching.
- Business and personal coaching.
- Personal growth and change.
- Performance enhancement and relationship coaching.
- For counsellor and psychotherapist.
